## Description

Join Magisterra Soloists on Thursday, January 23, 2025, at 7 PM at Museum London for a concert showcasing music that emerged from the Holocaust.

Every year since its inception, Magisterra Soloists presents a concert dedicated to honouring the victims of this tragic and horrific event.

This year, we invite you to join us as we pay homage to the great artists who have emerged from the horrors of the Holocaust.

Through their music, we are constantly reminded that art has always been, and always will be, a valuable form of expression during such trying times.

Join us as guests Pieter Grobler (piano) and Hannah Cole (soprano) perform alongside Magisterra Soloists and Magisterra Fellows to present our Holocaust concert.
